A Estimated Installation Time (hours)*7

B Shipping Weight (lbs)

C Width Between Attaching Ears on Base Plate, Center to Center (inches)

D Base Plate Attaching Pin Height Approximate (inches)

Demco Base Plates bolt permanently to the chassis of your vehicle providing a secure, reliable attachment point for the Demco Tow Bars.

If you don't see your vehicle listed, call or go on the internet at www.demco-products.com for the latest "fit list."

*1 - Prices are "Suggested Retail Price."

*2 - Not available at time of printing.

*3 - Baseplate is concealed through the air dam.

*4 - Baseplate is concealed through the bumper opening.

*5 - If 97, 98, 99, or 00 SC2 is equipped with running lights, they need to be relocated per instructions.

*6 - If equipped with optional Mopar Tube Bumper.

*7 - Installation times based on a shop with hoist and proper tools

*8 - Baseplate is concealed through fog light holes.

*9 - Baseplate is adaptable to Blue Ox tow bars with a 3-prong clevis.

Tow Bar Base Plates (Fit List)

Demco No.	Year(s)	Make	Model(s)	A	B	C	D	Price*1
9518278	09-11	Volkswagen	Tiguan*4*9	3	38	21	15 3/8	\$390.00

The following information on towability of vehicles is reprinted with the permission of MotorHome® Magazine, and is believed to be reliable. However, Demco does not warrant the information to be correct. It is republished as a service to our customers. Always consult your towed vehicle owner's manual and follow towing instructions. Each year, MotorHome® Magazine, compiles a list of vehicles that can be towed four-down behind a motor home with no modifications required. This guide contains only those vehicles that have been approved by their manufacturers for towing.

Caution: MotorHome® Magazine left out any vehicles that have towing speed limits slower than 55 m.p.h., or distance limits of less than 200 miles. At a minimum, these vehicles require significant modification, such as the use of an aftermarket product, to make them towable. The availability of a Demco Tow Bar Base Plate does not imply that these vehicles can be modified or that there is an aftermarket product available. Refer to your vehicle owner's manual or consult your dealer to determine whether your vehicle can be modified to make it towable. Failure to observe this precaution could result in property damage or personal injury.

A "Yes" in the column under the type of transmission (auto or manual) means that when equipped with that type of transmission, the vehicle is towable; "No" means it is not towable. If the model is not available with a particular transmission, "N/A" appears in the column. Keep in mind also that although some vehicles are indicated as being towable, not all trim lines, engine configurations, etc. within that model line may be towable; always refer to the particular vehicle's owners manual to be sure.

Focus	2,623	None	Yes	No
Fusion (2.5-L I-4/3.0-L V-6)	3,285-3,638	70 MPH/None	Yes	Yes
Fusion Hybrid	3,720	75 MPH/None	N/A	Yes
Ranger 2WD	3,030	55 MPH/None	Yes	No
Ranger 4WD	3,668	55 MPH/None	Yes (c)	Yes (d)
Taurus	4,015-4,224	65 MPH/None	N/A	Yes

(a) Maximum speed with automatic transmission is 65 MPH. For automatic transmission, run engine at the beginning of each day for 5 minutes (shift into DRIVE, then REVERSE and NEUTRAL) and then every 6 hours. Transmission fluid level should be checked by authorized Ford dealer.

(b) Maximum speed with automatic transmission is 65 MPH. For automatic transmission, run engine at the beginning of each day for 5 minutes (shift into DRIVE, then REVERSE and NEUTRAL) and then every 6 hours. Vehicles with an automatic transmission should have transmission fluid level checked by authorized dealer.

(c) For manual transmission models, put 4WD switch in 2WD mode. Electronic Shift-On-the-Fly rotary control in 2-high position.

(d) 4WD vehicles with automatic transmission and electronic shift transfer case require neutral tow kit accessory — contact a Ford dealer. Do not tow without the neutral tow kit.
